## EDUCATIONAL BACKGROUND

### PhD degree in Epidemiology

Faculty of Health Sciences, Iran University of Medical Sciences, Tehran, Iran, (2013-2018)

**Thesis title:** National and Subnational Cardiovascular Diseases Mortality Attributable to Salt Consumption in Iran by Sex and Age from 1990 to 2016

**Supervisor:** Prof. Hamid Reza Baradaran

---

### MSc degree in Epidemiology

Faculty of Health Sciences, Urmia University of Medical Sciences, West Azerbaijan, Iran, (2006-2008)

**Thesis title:** Study the risk factors of acute leukemia in children under 15 years of age in the West Azerbaijan province

**Supervisor:** Prof. Shaker Salarilak

---

### BSc of Public Health

Faculty of Health Sciences, Kerman University of Medical Sciences, Kerman, Iran, (2002-2006)

---

# Resume for Ali Gholami

---

---

## EMPLOYMENT DETAILS

**05/2018 - present**

PhD of Epidemiology, Academic member  
Neyshabur University of Medical Sciences

---

**08/2011 – 02/2014**

MSc of Epidemiology, Academic member  
Neyshabur University of Medical Sciences

---

**09/2009 – 08/2011**

MSc of Epidemiology  
Neyshabur University of Medical Sciences

---

**12/2005 – 09/2007**

BSc of Public health  
Neyshabur University of Medical Sciences

---

## PROFESSIONAL SOCIETIES

- The Director of Research and Technology, NUMS
  - The Director of Public Health Department, NUMS
- 

## SCHOLARSHIPS , AWARDS

- Awards for outstanding MSc Student of Urmia University of Medical Sciences, 2008.
  - Awards for outstanding Researcher in Neyshabur University of Medical Sciences, 2012.
- 

## MEMBERSHIPS

- Research Council of Neyshabur University of Medical Sciences
  - Ethic Council of Neyshabur University of Medical Sciences
  - Iran Epidemiological Association
  - Member of Biostatistics & Epidemiology Department, NUMS
  - Member of Ethics Committee, NUMS
  - Member of Research and Technology Committee, NUMS
  - Member of the Editorial Board of Journal of Neyshabur University of Medical Sciences, NUMS
-

## Resume for Ali Gholami

---

<b>TEACHING EXPERIENCE</b>	<b>Course</b>	<b>Target Group</b>
	Epidemiology (10 times)	Medical students (BSc, MSc, PhD)
	Research methodology (10 times)	Medical students (BSc, MSc)
	Statistics (8 times)	Medical students (BSc, MSc)
	Public health (3 times)	Medical students (BSc, MSc)

  

<b>RESEARCH PROJECTS</b>	<b>Date</b>	<b>Title</b>	<b>Supporting organization</b>	<b>Role</b>
	2008	Study of Needle Stick Injuries among Health Care Workers at Teaching Hospitals in Urmia	Urmia University of Medical Sciences	Principal Investigator
	2008	study Of Prevalence And Related Factors Of Non-Consumption And Irregular Consumption Of Iron Drop In Infants Aged 7-24 Months Urmia City; 2008	Urmia University of Medical Sciences	Principal Investigator
	2008	Prevalence and effective factors in depression and anxiety in employees of Neyshabur health system	Mashhad University of Medical Sciences	Co-investigator
	2009	Study the risk factors of acute leukemia in children under 15 years of age in the West Azerbaijan province	Urmia University of Medical Sciences	Principal Investigator
	2009	Quality Gap in Primary Health Care in Urmia Health Care Centers	Urmia University of Medical Sciences	Principal Investigator
	2011	Study of Needle Stick Injuries among Health Care Workers at Teaching Hospitals in Neyshabur	Neyshabur University of Medical Sciences	Principal Investigator
	2011	Study the Quality of Life of Employees of Healthcare Centers in Neyshabur City in 2011	Neyshabur University of Medical Sciences	Principal Investigator
	2011	Food Insecurity Status and Associated Factors among Rural Households in North-East of Iran	Neyshabur University of Medical Sciences	Principal Investigator

## Resume for Ali Gholami

---

2012	Quality evaluation of educational services gap in Neyshabur Faculty of Medical Sciences based on service quality scale	Neyshabur University of Medical Sciences	Principal Investigator
2012	Assessing the knowledge, attitude and practice of doctors in relation to evidence-based medicine	Neyshabur University of Medical Sciences	Co-investigator
2012	Factors associated with preference for repeat cesarean in Neyshabur pregnant women	Neyshabur University of Medical Sciences	Principal Investigator
2013	Risk Analysis by Means of a QRA Approach on a LPG Cylinder Filling Installation	Neyshabur University of Medical Sciences	Co-investigator
2013	Assessing the safety climate and its structural dimensions and the relationship between risk perception in the Khorasan steel industry	Neyshabur University of Medical Sciences	Co-investigator
2013	A survey on Quality of Life in Women Referred to Health Centers of Neyshabur	Neyshabur University of Medical Sciences	Principal Investigator
2013	Prevalence of Depression Symptoms and its Effective Factors in Pregnant Women	Neyshabur University of Medical Sciences	Principal Investigator
2013	Attitude of Students toward their Field of Study and Future Career in Neyshabur University of Medical Sciences	Neyshabur University of Medical Sciences	Principal Investigator
2013	Studying the knowledge level of students in Neyshabur University of Medical Sciences regarding the role of cancer nutrition in 2013	Neyshabur University of Medical Sciences	Co-investigator
2013	Evaluation of Moral Stress and its Related Factors from Nurses' Viewpoints of Hospitals of Neyshabur University of Medical Sciences in 2013	Neyshabur University of Medical Sciences	Co-investigator
2013	Correlation between communication and cooperation of nurses with	Neyshabur University of Medical Sciences	Co-investigator

- doctors from nurses' viewpoint in hospitals affiliated to Neyshabur University of Medical Sciences in 2013
- 2013 Influence of unsafe and excessive use of mobile phone on the sleep quality Neyshabur University of Medical Sciences Co-investigator
- 2013 The Prevalence of Self-Therapy and Its Effective Factors in Women in Neyshabur City in 2013 Neyshabur University of Medical Sciences Co-investigator
- 2013 A comparative study on the organizational culture of educational hospitals affiliated to the Neyshabur University of Medical Sciences and Mashhad University of Medical Sciences based on the Denison model in 2013 Neyshabur University of Medical Sciences Principal Investigator
- 2013 Investigating the relationship between patient safety culture and voluntary accidents reporting system in hospitals of Neyshabur Neyshabur University of Medical Sciences Co-investigator
- 2013 Evaluation of factors affecting visual impairment in type 2 diabetic patients Neyshabur University of Medical Sciences Co-investigator
- 2014 The study of spiritual intelligence among students of the Faculty of Health of Iran University of Medical Sciences Iran University of Medical Sciences Principal Investigator
- 2014 Quality evaluation of educational services gap in Iran Faculty of Medical Sciences based on service quality scale Iran University of Medical Sciences Principal Investigator
- 2014 Investigating the Factors Affecting Preterm Delivery in Rural and Urban Areas of Salsaleh Iran University of Medical Sciences Co-investigator
- 2014 Evaluation of anti-inflammatory effects of melatonin in patients with non-alcoholic liver disease Iran University of Medical Sciences Co-investigator

## **Resume for Ali Gholami**

---

2015	Prevalence of exclusive breastfeeding and its related factors in 6-12 year-old children in Neyshabur in 1394	Neyshabur University of Medical Sciences	Co-investigator
2015	Study the quality of life of diabetic patients living in villages of Neyshabur	Neyshabur University of Medical Sciences	Principal Investigator
2015	Association of food insecurity with obesity and overweight in diabetic patients in Neyshabur city	Neyshabur University of Medical Sciences	Principal Investigator
2015	Evaluation of quality of life and its dimensions in patients with diabetes mellitus in Tehran	Iran University of Medical Sciences	Principal Investigator
2016	The prevalence of JC (JCV) Poliooma Virus in samples of patients with colorectal cancer	Iran University of Medical Sciences	Co-investigator
2016	Study of the relationship between overweight and obesity and quality of life among residents of Tehran	Iran University of Medical Sciences	Principal Investigator
2016	Study of deaths from cardiovascular diseases attributable to salt in Iran from 1990 to 2015	Iran University of Medical Sciences	Principal Investigator
2016	Evaluation of human bovine virus prevalence (HBVV) in patients with colorectal cancer	Iran University of Medical Sciences	Co-investigator
2016	Quality of life in patients with non-alcoholic steatohepatitis (NASH) in Amol city	Iran University of Medical Sciences	Principal Investigator
2016	Study of the relationship between household insecurity and quality of life of residents in 22 districts of Tehran	Iran University of Medical Sciences	Principal Investigator
2016	Study of the quality of life and its dimensions in the city of Tehran using the data of Urban-heart 2	Iran University of Medical Sciences	Principal Investigator
2016	Study of methylation of genes involved in activating HSC liver cells and fibrosis in tissue biopsy and serum in patients	Iran University of Medical Sciences	Co-investigator

## **Resume for Ali Gholami**

---

- with NAFLD compared to control group
- 2016 Investigating the Relation Between Smoking and Opioid Addiction Using Mendelian Randomization Study Iran University of Medical Sciences Co-investigator
- 2016 The role of probiotic lactobacillus acidophilus as an auxiliary treatment with standard treatment on immune system and therapeutic efficacy in patients with rectal cancer: Phase 3 randomized clinical trial Iran University of Medical Sciences Co-investigator
- 2017 Comparative study of low-dose chemotherapy gemcitabine regimen and weekly cisplatin with radiotherapy with a conventional fractionation in terms of response to treatment in patients with muscle invasive bladder concussion Iran University of Medical Sciences Co-investigator
- 2017 Evaluation of quality of life in patients with gastroesophageal cancer referring to Firoozgar in Tehran during diagnosis 6 and 12 months after diagnosis Iran University of Medical Sciences Co-investigator
- 2017 Investigation of drug resistance mutants in hepatitis C virus (HCV) infected thalassemia patients before and after treatment with direct acting drugs. Iran University of Medical Sciences Co-investigator

---

### **STUDENT**

### **SUPERVISOR,**

### **CO-SUPERVISOR**

PhD by Research in Digestive and Liver Disease Research Center. Payam Hossein Zadeh. The role of probiotic lactobacillus acidophilus as an auxiliary treatment with standard treatment on immune system and therapeutic efficacy in patients with rectal cancer: Phase 3 randomized clinical trial. Iran University of Medical Sciences. 2016.

MSc of Epidemiology in Iran University of Medical Sciences. Sare Hatamian. Evaluation of quality of life in patients with gastroesophageal cancer referring to Firoozgar in Tehran during diagnosis 6 and 12 months after diagnosis. Iran University of Medical Sciences. 2017.

MSc of Epidemiology in Iran University of Medical Sciences. Mahboobeh Darman, Study of the relationship between household insecurity and quality of life of residents in 22 districts of Tehran. Iran University of Medical Sciences. 2017.

PhD by Research in Digestive and Liver Disease Research Center. Masoudreza Sohrabi. Evaluation of cytokines in fatty liver patients in comparison with control group. Iran University of Medical Sciences. 2018.
